

# Product Range

Our gourmet product range was developed by a dedicated team, focused on using superior quality ingredients to create a delicious range that is full of flavour.

Each product is individually wrapped & blast frozen to lock in freshness.

## Toasties

Premium quality ingredients between two thick door-stop slices of toasting bread.

Flavours:

**Chicken, Cheese & Guacomole**

**Bacon & Egg**

**Ham & Cheese**

**Ham, Cheese & Tomato**

## Wraps

The Verde wrap experience is gourmet.

Delicious flavour combinations are wrapped in a tasty pita bread.

Flavours:

**Chicken caesar**

**Chicken & sundried tomato pesto**

**Sweet chili chicken**

**Eggs benedict**

## Croissant

The **ham & cheese croissant** is a buttery light croissant filled with premium leg ham & tasty cheese. Either a perfect way to start the day or a great light lunch alternative.

Flavours:

**Ham & Cheese Croissant**

# What we believe in...

Lunchbox Solutions is a boutique sandwich company focused on market & product innovation. We use superior quality ingredients to create finished products that are unique & popular in the market place.

The Verde team create real food, with real nutritional value, but above all we take pride in making food we love to eat!

## Product Benefits

### ● Minimum wastage & maximum sales

The most frequent feedback we get from our customers is that they often run out of stock because they order conservatively so they don't have any wastage. Frozen stock allows for minimal wastage for customers & ensures no potential sales are lost by always having back up stock available.

### ● Decrease food safety risk

A lot of customers are moving towards the concept of knifeless kitchens due to the increased risk of making food in-store & lack of product consistency. We are HACCP accredited so food safety and quality are assured.

### ● High Average sell per store

Our customers find that the Verde range of products are amongst the top selling in their food cabinets.

### ● Individually Wrapped for security & Grab & Go Sale

All products are individually wrapped which improves the shelf presence & product freshness in cabinets. The croissant & wraps can be sold as is for a Grab & Go sale which will decrease the in-store service time & open up sales to convenience customers.

### Simple Preparation Steps for toasting:

1. Thaw in refrigeration
2. Remove from bag & microwave 30- 40 sec
3. Grill until golden 1-2 minutes
4. Slice, Plate & Serve

### Simple Preparation Steps for serving as is

1. Thaw in refrigeration
2. Slice, Plate & Serve

### Minimum Product Weights:

Toasties:	190-255gm
Wraps:	190-200gm
Croissant:	120gm

All products come 6 to a box, have 6 months frozen shelf life & should be consumed within 3 days of thawing.
